3 deep-dives you should really read

Official start of ESA astronaut Sophie Adenot's epsilon mission

ESA - European Space Agency · Topic: [Space/Infra](#)

- **What it is:** ESA astronaut Sophie Adenot's epsilon mission officially commenced with her successful arrival at the International Space Station aboard a SpaceX Dragon capsule.
- **Who:** ESA astronaut Sophie Adenot, alongside NASA and Roscosmos crew, reached the International Space Station aboard a SpaceX Dragon capsule, provided by SpaceX.
- **What it does:** It successfully transported a multinational crew, including an ESA astronaut, to the International Space Station, initiating a new scientific exploration mission.
- **Why it matters:** This event underscores robust international collaboration in human spaceflight and highlights the increasing reliability and integration of commercial space transport services.
- **Strategic view:** The growing dependence on commercial space providers like SpaceX signifies a critical shift, presenting new infrastructure opportunities and competitive dynamics for TMT companies in orbital connectivity.
